Ward School Pet Day

It was wonderful to see parents, children, community members, and pets at this special annual event. This year judges Jack Taylor and Sally Peter had tough competition with so many great animals to judge. Children proudly showed their pets in various events including the most vocal, best tricks and feeding competition. We had some very good dogs and their owners competing in the Obstacle Course. Special thanks to our parents for supporting this event and to the Ward Community Library and the Flaxbourne Dog Trial Club who donated book prizes to the children.
